The Nelson Women's Centre will celebrate International Women's Day at the Touchstones Museum of Art and History in Nelson, 502 Vernon Street, on Sunday, March 8 at 4:30 p.m, with *2nd Wave Feminism Meets the Future – Launching IMAGES, A DVD of Perspectives from Rural BC Women*, along with refreshments, speeches and song.

Dr. Marcia Braundy was founder and early editor of *IMAGES - Kootenay Women's Newspaper*, as well as a member of the collective that produced the paper from 1973 to 1991. At the International Women's Day event, she will be launching a DVD which will hold all 19 years of the paper, which offered up the voice of rural feminism to readers across Canada.

Orders for the final *IMAGES* DVD will be taken at the event, due out at the end of March. There will also be speakers representing Grans to Grans, The Advocacy Centre and the Pura Vida Foundation, as well as singing and refreshments. Admission is free.

We gratefully acknowledge the financial support of the Province of British Columbia through BC 150, a Ministry of Tourism, Culture and the Arts initiative and the Heritage Legacy Fund of B.C.
