ANNEX I – Work Plan and Evaluation Plan

Project Goal: To create a comprehensive regional program in collaboration with The Greater Trail Community Skills Centre, Kootenay Career Development Society and Selkirk College, that enables and fosters the positive experience of women integrating into technical training and work, leads to greater economic security for the women involved, and contributes to solutions for the Kootenay district and Canada's skills shortage crisis.
Objective: Communications networks with provincial, national and UN international organizations working towards the same goals will be established, experiences and practices shared and discussed.

Expected Outcome for this objective: Best Practices will be shared by those who are doing the work.

Fill out the template sheet for <u>each</u> project objective. Please consult the Glossary of Terms for a definition of key elements.

Activities (specific actions to be taken)	Timelines (include dates)	Inputs (human and financial resources)	Outputs (tools, reports or products resulting from the activity)	Indicators (evidence showing progress towards outcome)	Measurement Method(s) or Tool(s) (quantitative or qualitative)
Investigate through the Internet and personal and professional contacts who is working effectively in this area, and build a communications network to share best practices	May 2008-October 2009	Coordinator$ Office Equipment$	Listing of groups and individuals who are working to increase the successful integration of women in technical work		Enthusiasm for the project as expressed in email responses.
Create a circulating electronic newsletter that different groups can contribute to and build upon.	June-08-October-09	Coordinator$ Office & Equip$	Circulating Newsletter	Articles are submitted by a wide range of groups.	Feedback and articles submitted
Attend the Canadian Coalition of Women in Engineering, Science, Trades and Technology Conference in Guelph	May 2008	Coordinator$ Travel$	Links for a communications network to share best practices,\n\nContacts with many who are working hard on these issues.		Business cards collected and entered in database
